- Being a part of group rural activities in our institute i.e. GRA.

COMPUTER SKILLS

- Acquainted with C & C++, elementary knowledge of SCILAB

- Acquainted with software consol

COURSES IN CORE FIELD

- Fundamentals of heat and mass transfer
- Fluid mechanics
- Thermodynamics
- Transport phenomena

OTHER RELEVANT COURSES

- Multivariable calculus
- Linear algebra
- Computer programming
- Differential equation.

LABORATORY COURSES

- Experiment and measurement laboratory.
- Chemical engineering Lab- .
