STATEMENT OF PURPOSE

My first preference is a programming/automation job. As I am not from computer science I cannot take that for granted. Second is to get a job in electronics/robotics. My minor is related to this (System and controls). Currently I am keeping eye on both of them.

STRENGTHS

- Good analytical, communication and presentation skills
- Strong in liaison and effective in interaction with various levels of the organization.
- Doing assigned task independently with keen interest and owning responsibilities.

PERSONAL ATTRIBUTES

- Pleasant demeanor with optimistic personality
- Resilience for hard working and dedication with quest for learning.
- Focus on commitment, responsibility and goal orientation
